Andrinople communique à la grande route militaire du
Strandzheha (sic) qui conduit à Constantinople, (environ
 33 miles (approximatif)).

Si donc les voies de communication des par de Cavala, par
Fetide et Rodosto, ceux d'Aidos, de Paravadi et de Kartha-
bad par Kirkblisse (sic) et Czatal Bourgas, permettent en partant
 d'Andrinople, de tourner autour de cette contrée, l'en-
 trée ne s'en trouve pas moins fermée, d'un côté par la
 chaîne de Goermingina et de l'autre par le groupe de
Derbend.
